

# PRODUCT DATA SHEET

## LOCKING CIRCUIT BOARD SUPPORT

### DESCRIPTION

For PCB assembly in the electronic field for insulation, support and fastening of electronic parts it is widely used.

### FEATURES

- Material : Pure Nylon 6.6 Standard UL
- Operating Temperature : - 40°C ---- +85 °C
- Color : White

### MARKINGS

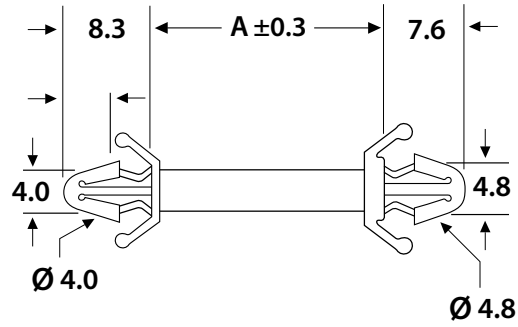

- It complies with RoHS standards.
- It complies with ISO 9001 standards.
- It complies with UL standards.
- It complies with CE standards.
