

PRODUCT DATA SHEET

PET BRAIDED SLEEVE

DESCRIPTION

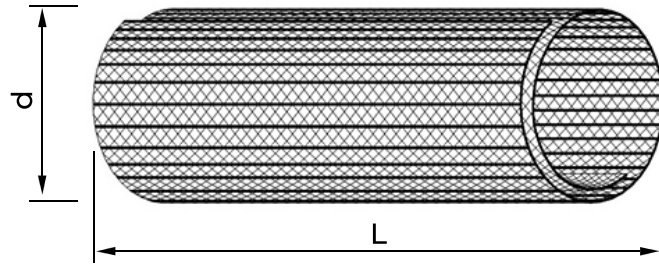

Our cable sheath protects and extends the life of wires. It is economical and easy to install. Thanks to its flame retardant feature, it does not spread the fire and stops it. Since it is not very flexible, it does not come off or slip. It prevents damage to the cable or hose.

FEATURES

Material:	Pet (Polyester)
Melting Point:	+250°C
Maximum Strength Point:	220°C
Operating Temperature:	-50°C -- +150°C
